Subject: Approval of Project Funding for "AI Medicinal Robot: An IoT Innovation for Healthcare"

Dear Mrs. Renuka,

I am delighted to inform you that your project proposal titled "AI Medicinal Robot: An IoT Innovation for Healthcare" has been selected for funding by our esteemed organization. Your proposal demonstrates a pioneering approach to integrating artificial intelligence and IoT technology to address critical healthcare challenges, and we believe that your project has the potential to significantly impact the field of healthcare delivery.

After thorough review and consideration, we are pleased to sanction the following project fund for your esteemed project:

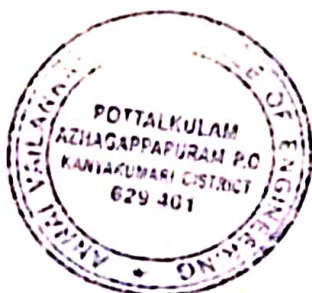

- Project Title: AI Medicinal Robot: An IoT Innovation for Healthcare
- Funding Amount: Rs.1,00,000
- Duration of Funding: June 2022 to May 2023
- Purpose of Funding: To develop and implement an AI-based medicinal robot equipped with IoT capabilities for remote monitoring, diagnosis, and medication dispensation in healthcare settings.

This funding is intended to support various project-related activities, including but not limited to:

1. Research and Development: Procurement of necessary hardware and software components, as well as conducting research activities to enhance the functionality and effectiveness of the AI medicinal robot.
2. Prototyping and Testing: Designing and prototyping the AI medicinal robot, followed by rigorous testing to ensure its reliability, accuracy, and safety in real-world healthcare scenarios.
3. Implementation and Deployment: Collaborating with healthcare institutions for the deployment and integration of the AI medicinal robot into existing healthcare systems, ensuring seamless operation and user acceptance.
4. Project Dissemination: Sharing project findings, outcomes, and learnings through publications, presentations, and workshops to facilitate knowledge exchange and promote wider adoption of innovative healthcare technologies.

As a condition of receiving this funding, we request that you adhere to the following guidelines:

- Provide regular progress updates: Submit periodic reports detailing the project's progress, achievements, challenges faced, and any deviations from the proposed timeline or budget.
- Ensure transparent financial management: Maintain detailed records of all project-related expenses, ensuring proper documentation and justification in accordance with our funding guidelines.

PRINCIPAL
ANNAIVAILANKANNI COLLEGE OF ENGINEERING

KANYAKUMARI DIST.

We have full confidence in your expertise, dedication, and vision to successfully execute this project and drive meaningful advancements in healthcare technology. Your commitment to leveraging AI and IoT for the betterment of society is truly commendable, and we are proud to support your efforts. Should you require any further assistance or clarification during the course of the project, please do not hesitate to contact us. We eagerly anticipate the transformative impact of your research and innovation on the healthcare landscape.

Congratulations once again on the approval of your project funding. We look forward to witnessing the remarkable outcomes of your endeavors.

Dear Mr. J. Prabhu,

I am pleased to inform you that your project proposal entitled "Thermal Analysis of V12 Engine Block" has been approved for funding. The project will be headed by you, Mr. J. Prabhu, Assistant Professor in the Department of Mechanical Engineering at Annai Vailankanni College of Engineering.

Project Details:

- Project Title: Thermal Analysis of V12 Engine Block
- Project Head: Mr. J. Prabhu
- Department: Mechanical Engineering
- Institution: 9601- Annai Vailankanni College of Engineering
- Funding Amount: INR 1,50,000
- Duration: 10 Months

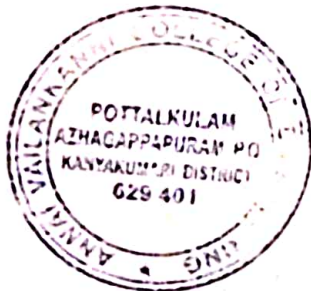

This project aims to conduct an in-depth thermal analysis of the V12 engine block, which will contribute significantly to the understanding and enhancement of engine performance and durability.

Please find attached the detailed terms and conditions, along with the budget allocation for the project. It is imperative to adhere to the proposed timeline and budgetary constraints to ensure the successful completion of the project.

Thank you for your dedication and commitment to academic research.

Yours Sincerely,

shalom

Dear Mr. Arockia Prince,
Subject: Sanction Letter for Project Funding

We are pleased to inform you that Energy Motors has sanctioned a project with you as the Principal Investigator. Below are the details of the sanctioned project:

- Principal Investigator: Mr. J. Arockia Prince
- Sanctioned Amount: Rs. 1,25,000
- Duration: 4 months

This funding is allocated to support the project and its associated research, development, and operational costs as outlined in your project proposal submitted to Energy Motors.

Terms and Conditions:

1. Utilization of Funds: The sanctioned amount should be utilized solely for the purposes specified in the project proposal. Any deviation from the proposed budget requires prior approval from Energy Motors.
2. Reports: The closure report detailing the project accomplishments and financial utilization should be submitted to Energy Motors.
3. Duration: The project should be completed within the stipulated duration of 4 months. Any extension requires written approval from Energy Motors.
4. Accounting and Auditing: All financial transactions related to the project should be properly accounted for. Energy Motors reserves the right to audit the project accounts at any time.
5. Intellectual Property: Any intellectual property developed during the project will be the property of Energy Motors unless otherwise agreed upon in writing.

Please acknowledge your acceptance of the terms and conditions by signing and returning a copy of this sanction letter to Energy Motors within seven days from the receipt of this letter. We look forward to a successful collaboration and expect the project to yield valuable results for Energy Motors.

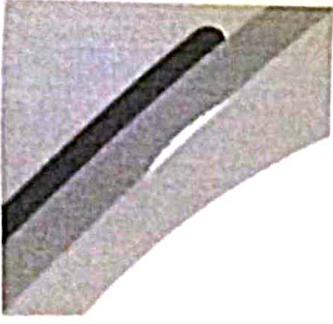

Thank you for your cooperation.

Warm regards,

Tennance

Dear Robert,

Sub: Project proposal Sanction –Development of Portable Humanoid Robot–Intimation-reg.

I am pleased to inform you that your project proposal titled "Development of Portable Humanoid Robot" has been approved for funding by the Malles Automated and Robotic Systems. We are excited to support your innovative research endeavors in the field of robotics.

Project Details:

Title: Development of Portable Humanoid Robot

Principal Investigator: Mr. R. Robert, Assistant Professor, ECE

Duration: 10 months

Sanctioned Amount: Rs. 1, 35,000 only.

Project Objectives: Your project aims to design and construct a lightweight and portable humanoid robot capable of assisting users in various tasks. This endeavor aligns with our institution's commitment to fostering cutting-edge research and technological advancements.

Project Timeline: The project is scheduled to commence on July 2021 and conclude on May 2022, spanning duration of 10 months. We encourage you to adhere to the proposed timeline and deliverables outlined in your project proposal.

Budget Allocation: The sanctioned amount of Rs. 1,35,000 will be allocated to cover expenses related to materials, equipment, personnel, and other project-related costs. It is imperative to manage the budget efficiently and ensure judicious utilization of funds throughout the duration of the project.

Reporting Requirements: As the Principal Investigator, you are responsible for submitting regular progress reports, financial statements, and any other documentation required. These reports will facilitate monitoring and evaluation of the project's progress and outcomes.

STUDENT PROJECTS SCHEME 2021-2022

Terms and Conditions of the grant

1. The project team SHOULD NOT change the topic of the project and should not deviate from the objectives of the sanctioned proposal. In the event of any such changes, sponsoring will be treated as cancelled and the college should return the sanctioned amount to TNSCST.
2. Every sanctioned project is allotted with a Project code Number. Please refer this number while corresponding with TNSCST.
3. The project sanction letter and the money will be sent to the Principal/Registrar of the institution with a copy to the Project guide.
4. The sanctioned project should be completed and the report should be submitted before end of **May 2022**.
5. The state council will review the progress of the project at any time before completion of the project.
6. On completion of the project, 2-3 pages seminar paper (500 words, Times New Roman, 12 font size, single column, margins left- 2.5cm, right-2cm, top-2cm & bottom- 2cm, Word format without any figures & tables) should be submitted/uploaded in the council website.(link will be activated in due course of time) by mentioning the project code.
7. Utilization certificate (UC) should be sent to The Member Secretary, Tamilnadu State Council for Science and Technology, DOTE Campus, Chennai-600025. The Utilization Certificate should be signed by the Guide, HOD and Principal/Registrar/Dean with official seal as the case may be.
8. The guides are responsible for timely submission of Seminar Paper and UC.
9. The seminar paper will be included in the form of Proceedings which will be brought out during Seminar cum Exhibition, only for those who submit the UC
10. **Anyone student of the project team** should present and exhibit the findings before the experts in the Seminar cum Exhibition which will be organized during **July/August 2022**.
11. The project model /fabrication/equipment are all properties of the council and therefore these are to be kept safely in the college and it should be handed over to the council with necessary details and bills as and when required
12. During the Seminar cum Exhibition, "best project award and certificate" will be presented to the outstanding selected projects and completion certificates to all.
13. The council reserves the right to terminate the project at any stage if it is convinced that the grant has not been properly utilized or appropriate progress is not being made. In addition, the Council may designate officer/an Expert to review the work done.
14. If the guide wishes to leave the Institution where the project is based, the Institute/guide will inform the same to the Council and in consultation with Council, evolve steps to ensure successful completion of the project, before relieving the guide. The Council reserves the right to order verification/audit of accounts by any Officer authorized by it. The bills and accounts shall be kept safely.

15. Unspent money if any should be refunded in the form of DD drawn in favour of The Member Secretary, Tamilnadu State Council for Science and Technology, DOTE Campus, Chennai-600025 payable at Chennai.
16. Students/faculties are requested to publish the research papers emerging out of the project work in leading Journals.
17. Investigators must acknowledge the Council in reports and technical/scientific papers publishing based on the research work done under the project
18. If the results of research are to be legally protected by way of patent/copy rights etc. the results should not be published in any form without action being taken to secure legal protection for the research results.
19. The state council encourages the students/faculties, who want to protect the results/invention created out of the project by getting patents through its Patent Information Centre free of cost.
20. The knowledge generated from the project will be the property of TNSCST and should be properly acknowledged. Transfer to technology generated shall be done in consultation with the Council.
21. The recipient organization shall comply, with such other conditions as may be suggested in the 'guidelines' issued in this regard from time to time.
22. All further correspondence should be addressed to **The Member Secretary, Tamilnadu State Council for Science and Technology, DOTE Campus, CHENNAI-600025** and should include project code.

Dear Sir / Madam,

Greetings from EDII-TN-IEDP Hub, University College of Engineering Nagercoil.

Innovation and Entrepreneurship Development Programme (IEDP) is the flagship Programme of EDII to create entrepreneurship orientation among college students and EDII-TN has taken many initiatives under IEDP in a hub and spoke model, to promote entrepreneurial culture in Higher Educational Institutions in the State.

As per the IEDP Action Plan 2021-22, it is proposed to organize 200 Promotional activities on Entrepreneurship in Spoke colleges with the budget support of Rs. 20 lakhs.

From the spoke institutions of Our Hub 05 proposals were received of which, 3 proposals were selected by EDII-TN based on the norms prescribed.

We are happy to inform you that your institution is one among the Three shortlisted spoke institutions. We are pleased to enclose a cheque for Rs.7000/- (70 % of the fund allotted) in favour of "Annai Vailankanni College of Engineering" dated 25.02.2022 towards organizing Programmes as per the Proposal submitted.

In this connection, we request you to complete the Programme as per the schedule submitted. The Programme report along with bills and the other necessary documents are to be sent to the undersigned for onward transmission to EDII- Tamil Nadu.

If you have any queries related to this you may please contact:

Mr.R.RAJESH – Field Coordinator, EDII-TN-IEDP Hub, University College of Engineering
Nagercoil - 9437550539

Kindly acknowledge the receipt of this letter and cheque.

Thank you for your support!

Sub: Offer of financial assistance to the proposal submitted for the project grant-in-aid during the financial year 2020-2021.

Dear Madam,

With reference to the proposal submitted for financial assistance for the project, We kindly agree to offer Rs. 1,00,000/- (One lakh Only/-) as financial assistance to your Institution as grant-in-aid during the financial year 2020-2021 with the following details:

Project Title: Wind Shield Glass Camera Vision Based
Driver Detection and Alert System using Deep
Learning

Principal Investigator: Mrs. Berlin Shameema
Amount: 1,00,000/-

With Regards,

Subject: Sanction of Project Fund for IOT-Based Accident Detection and Ambulance Rescue System
Dear Mrs. Anusha,

I am delighted to inform you that your project proposal titled "IOT-Based Accident Detection and Ambulance Rescue System" has been selected for funding by our esteemed organization. Your innovative approach to utilizing Internet of Things (IoT) technology for enhancing emergency response systems has garnered significant interest and is aligned with our commitment to supporting groundbreaking research initiatives.

We recognize the critical importance of your proposed project in improving the efficiency and effectiveness of emergency services, particularly in the context of accident detection and ambulance rescue operations. Therefore, we are pleased to provide you with the necessary financial support to realize the objectives outlined in your proposal.

Here are the details of the project fund sanctioned for your project:

Project Title: IOT-Based Accident Detection and Ambulance Rescue System

Funding Amount: Rs. 1,00,000 only

Duration of Funding: September 2020 to February 2021

Purpose of Funding: To develop and implement an IoT-based system for real-time accident detection, location tracking, and efficient dispatch of ambulance services.

This funding is intended to cover expenses related to research materials, hardware/software acquisition, testing, and project dissemination activities. Approval of the project proposal and the grant being released is to be utilized for the specific project sanctioned and should not be spent on other projects.

The grantee should maintain all documents related to inventory and should submit the progress report every month.

Upon completion of the project report and the audited project statements should be submitted to the concerned.

We thank you for the support in collaborating with us in completion of the work.

We look forward for your collaborations in this regard.
warm Wishes,

Dear Mr. Pearlson,

Subject: Sanction of Project Fund for Coir Pith Drier Project

I am pleased to inform you that after careful consideration and evaluation, your project proposal titled "Development of a Coir Pith Drier" has been selected for funding by our esteemed organization.

We recognize the importance and potential impact of your proposed project in addressing the challenges faced in the coir industry related to drying coir pith efficiently. Therefore, we are delighted to provide you with the necessary financial support to carry out this significant research endeavor.

Here are the details of the project fund sanctioned for your project:

Project Title: Development of a Coir Pith Drier

Funding Amount: Rs. 2,25,000

Duration of Funding: July 2019 to July 2020

Purpose of Funding: To conduct research and development activities aimed at designing and prototyping an efficient coir pith drier.

This funding is intended to cover expenses related to research materials, equipment procurement, personnel costs, and any other expenditures directly associated with the project.

As a condition of receiving this funding, we request you to provide regular progress reports, detailing milestones achieved, challenges encountered, and any deviations from the proposed timeline or budget. Additionally, we expect transparent and accountable financial management, with all expenses documented and justified according to our guidelines.

Please do not hesitate to reach out to us if you have any questions or require further assistance throughout the duration of the project.

Congratulations once again on the approval of your project fund. We eagerly anticipate the outcomes of your research and the positive impact it will have on the coir industry.

Warm regards,

Sujal Kumar

Subject: Sanction Letter for the Project "Solar Powered Tricycle for Fish Vending Women"

Dear Mr. G. Gaswin Kastro,

We are pleased to inform you that your proposed project titled "Solar Powered Tricycle for Fish Vending Women" has been sanctioned for funding by M/s. Instrument India. We appreciate the effort and creativity you have demonstrated in conceptualizing this project to empower women engaged in fish vending with a sustainable and eco-friendly mode of transportation.

Project Details:

Project Title: Solar Powered Tricycle for Fish Vending Women

Project Duration: July 2018 to May 2019

Project Supervisor: Mr. G. Gaswin Kastro

Funding Details:

Total Project Budget: Rs. 2,25,000.00

Funding Allocation: Phase 1: Rs. 1,00,000 by July 2018

Phase 2: Rs. 1,00,000 by November 2018

Phase 3: Rs. 25,000 by March 2019

Project Objectives:

- To design and develop solar-powered tricycles tailored for fish vending women.
- To provide training on the operation and maintenance of solar-powered tricycles.
- To promote the adoption of sustainable and eco-friendly transportation solutions.
- To empower women engaged in fish vending with improved mobility and income-generating opportunities.

Project Supervisor will be responsible for overseeing the implementation of the project, ensuring its timely completion, and maintaining quality of work.

Terms and Conditions:

The sanctioned funds must be utilized exclusively for the project's intended purposes as outlined in the proposal.

Regular progress reports must be submitted to National Instruments to monitor the project's progress.

Any significant changes to the project plan or budget must be communicated and approved by National Instruments in advance.

We trust that you will execute this project with utmost dedication and professionalism. We look forward to witnessing the positive impact of the "Solar Powered Tricycle for Fish Vending Women" project on the lives of women engaged in fish vending in your community.

Please sign and return a copy of this sanction letter to acknowledge your acceptance of the terms and conditions outlined above.

Thank you for your commitment to making a difference in your community through innovative and sustainable initiatives.

Sincerely yours,

PROPRIETOR

Respected Madam,

Subject: Sanction of Funds for Project "Utilization of Waste Plastics, Sea Sand, and Stone Powder to Make Paving Blocks"

I am pleased to inform you that your project titled "Utilization of Waste Plastics, Sea Sand, and Stone Powder to Make Paving Blocks" has been sanctioned for funding by RB Engineers and Contractors for the amount of Rs. 1,55,000. Duration of the project is 10 months.

This project holds significant promise in addressing environmental concerns associated with plastic waste and exploring innovative solutions for sustainable construction materials. The utilization of waste plastics, sea sand, and stone powder to manufacture paving blocks aligns perfectly with our organization's commitment to promoting eco-friendly practices and fostering research in sustainable development.

As the Principal Investigator, you are entrusted with the responsibility to effectively utilize the sanctioned funds for the successful execution of the project. We expect meticulous planning, diligent execution, and transparent reporting throughout the duration of the project.

Yours Sincerely,

B. Subramanian
