"PYTHON API VIEW"

June 7, 2022

The Department of Artificial Intelligence and Data Science organized "PYTHON API VIEW" on 7th June, 2022 to create a platform to enhance the technical skills of the students on latest technology. Mr. N. R. Raghav, Vollmond Academy is the Resource Person for the one-day workshop. Dr. A. Benham, Principal, AVCE has inaugurated the webinar, also motivated the students with his speech and explained that these kinds of workshops are beneficial for their upcoming placements and technical knowledge. Y. Ajeesh, II AD welcomed the gathering and O. Abishek, II AD introduced the resource person. Around 30 students participated from our college. The valedictory function started with Ms. Varsha, II AD and Mr. P. Amal of II AD sharing their experiences of the one-day workshop and how they benefitted from it. The program concluded with the vote of thanks by, Ms. Sathya of II CSE. Mrs. M. Anugraha HOD, CSE coordinated the program successfully.

One Day workshop on Intellectual Property Rights

<https://www.linkedin.com/feed/update/urn:li:activity:6939800058515054593>

The workshop was Jointly Organized By IPR Office, Government of India and Annai Vailankanni College of Engineering, AVK Nagar, Pottalkulam, Kanyakumari District June 8, 2022.

Purpose of the workshop

Intellectual Property Right plays a key role in gaining advantages position to promote economic growth of our nation. India enjoys a large asset of R&D personnel and infrastructural facilities. Scientists and policy makers need more information, orientation and facilities for protecting the products of intellectual prowess of Indian Scientists. Hence this workshop was organised to sensitize about the IPR to the faculty and students.

The following topics were covered in the two days session.

- Intellectual Property Rights(IPRs) - An Introduction with need of its protection
- Copyright and Trademark Management in India with case studies
- Ethical Issues related to Clinical Trials and IPR
- Compulsory licensing and Bolar Exemption in India
- Patenting of pharmaceutical compositions and medical devices – Guidelines
- Procedure of Patent filing, Commercialization of patents
- Patent System in India and National Biodiversity - Biotechnological inventions
- Tools for Patent Searching - Panel Discussion on Life Science Inventions

E-Bike launch

July 5, 2022

The department of Electronics and Communication Engineering proudly presented 'E-Bike launch' on 5th July 2022, at Annai vailankanni college of Engineering. The main objective of this E-Bike launch is to provide second- and third-year students to design and develop the Electric Bike in the real world. Mr. J. Jayakumar, HOD/ECE delivered the welcome address. Dr. A. Benham, Principal delivered the presidential address and insisted the importance of pollution free environment. Mr. J. Arockia Prince, AP/ECE introduced the resource person. Er. Terrance Hinterland, Managing Director of Energy Motors explained the need for Electric Bike. He presented to our students how to design a layout for a new model E-bike. Mrs. P. Renuka, AP/ECE delivered the Vote of Thanks and the program ended successfully.

Report on Awareness program on the topic "Becoming an Entrepreneur" on 24th

August 2022

On 24th August 2022, Seminar was conducted on "Becoming an Entrepreneur" at our college Training Room (MB 014). The event was organized by the Innovation and Entrepreneurship Development cell. Mr. R. Robert AP/ECE, Organized the event along with student volunteers Mr. Santhosh (IV ECE) and Mr. Lipto Sajin (IV CSE).

Er. Anto Yesuraj, CEO & Chairman of Cloud hunt Technology, presented a lecture to the final year students from various departments. He described the Role of Entrepreneurs and Innovation and presented an overview of Startups for a better understanding.

Final year students Mr. Satheesh Kumar (IV MECH) and Ms. Kavitha (IV ECE) were selected as a E Leader for the academic year 2022-2023.

ONE DAY WORKSHOP ON "RECENT TRENDS IN COMMUNICATION-CISCO CERTIFIED NETWORK ASSOCIATE"

August 30, 2022

The department of Electronics and Communication Engineering organized a One-day Workshop on "Recent Trends in communication-CISCO CERTIFIED NETWORK ASSOCIATE". The main objective of this Workshop is to provide third and final year ECE students a training on "Recent Trends in communication". Mr. J. Jayakumar, HOD/ECE delivered the welcome address. Dr. Manvel Raj, Principal delivered the presidential address and insisted the importance of communication network. Ms. Antonet Reeta, network specialist was the resource person. she, explained the communication network-CCN and presented how to communicate the network system. The resource person with her team members trained our third and final year students of ECE with CCNA during the afternoon session of the workshop. Mr. R. Robert AP/ECE coordinated the program in a successful manner. The session came to an end with the vote of thanks from Mrs. P. Renuka, AP/ECE.

**DEPARTMENT OF ELECTRONICS AND COMMUNICATION
ENGINEERING**

Proudly presents

One day Workshop on "One Day Workshop on 'Recent Trends in
Communication'"

Date & Time: **30.08.2022 & 10.45 AM**

Objective

The main objective of this Workshop is to provide third and final year ECE students the attend the training on "Recent Trends in communication".

Course Duration: *One Day*

Resource Person: *Ms.Antonet Reeta*

Course Contents

1. IP Messaging will become the "email" of emerging markets
2. Voice AI will continue to advance and become better
3. Unified communication will be the way forward
4. Cloud migration will be on the rise
5. Video will play a larger role in contact centre communication

The department of Electronics and Communication Engineering organized a One day Workshop on "**Recent Trends in communication-CISCO CERTIFIED NETWORK ASSOCIATE**". Mr.J.Jayakumar , HOD/ECE delivered the welcome address. Dr.Manvel Raj, Principal delivered the presidential address and insisted the importance of communication network.

Mr.R.Robert, AP/ECE introduced the resource person. Ms.Antonet Reeta, explained the communication network-CCNA. She presented to our students how to communicate network system.

The resource person with his team members trained our third and final year students of ECE with CCNA during the afternoon session of the workshop. Mrs.P.Renuka, AP/ECE delivered the Vote of Thanks.

ONE DAY WORKSHOP ON 'python Programming'

February 14, 2023

An one day workshop was organised by the CSE department on 14th February 2023. The program started at 10.00 a.m in the Bosch lab presence of department HOD , staffs and their teammates. The workshop was based on the topic of basic and advanced of python programming conducting by Mr.Anto from founder of Galaxy Academy, Marthandam. The workshop resource person initially focused on introduction to python, its features and applications. The students got a chance to learn python datatypes, operators, Control structures, functions, modules, packages etc. The workshop participants turned out to be a major successful event, imparting lot of knowledge about python programming and how to solve simple programs with python programming.

WORKSHOP ON "AI AND MACHINE LEARNING"

DATE :23.03.2023

VENUE:BOSCH TRAINING HALL

RESOURCE PERSON: MISS.SARANYA.M TECHNICAL HEAD EMAX NAGERCOIL

The department of Electronics and Communication Engineering conducted a
"WORKSHOP ON ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING" on 23th
MARCH 2023 at Bosch Lab.

MISS.SARANYA.M., TECHNICAL HEAD EMAX, Nagercoil is the resource
person.

The workshop started with welcome address. The principal Dr.N.Abilash delivered the
Presidential Address and insisted the applications of AI AND MACHINE
LEARNING.Mrs.CHITRA.M, Assistant Professor of ECE Coordinated the program. The
Resource person Miss.SARANYA.M in his presentation explained about the different ways in
which the students can upskill their career in AI AND MACHINE LEARNING.

She is explaining about

- The objective of Artificial Intelligence is to make a smart computer system like humans to solve complex problems.
- Online recommendation system, Google search algorithms, Face book auto friend tagging suggestions, etc. are the most popular application of Machine Learning.
- Artificial Intelligence systems can perform various complex tasks.
- Machine Learning is used for machines to perform the specific tasks for which they are trained.

The head of the departments of ECE and, faculty members of various departments and 41 students from the ECE and AI AND ML Engineering have attended this WORKSHOP.

ANNAI VAILANKANNI COLLEGE OF ENGINEERING
 (Approved by AICTE & Affiliated to Anna University)
 AVK Nagar, Pottalkulam, Azhagappapuram P.O, Kanyakumari District -629 401
DEPARTMENT OF ECE

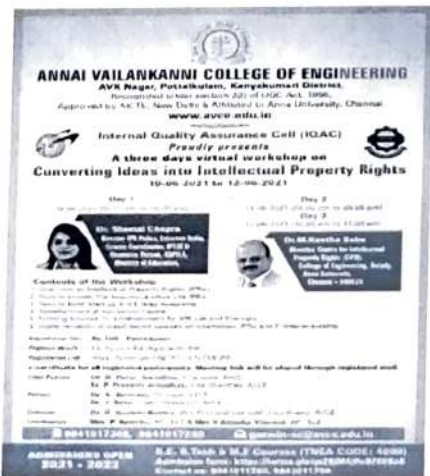

Department of Electronics and Communication Engineering in hands with Internal Quality Assurance Cell (IQAC) of our college have conducted a three day virtual workshop on “**Converting Ideas into Intellectual Property Rights**” in association with **Centre for Intellectual Property Rights (CIPR), Anna University, Chennai & Intellectual Property Talent Search Examination (IPTSE)** from 10.6.21 to 12.6.21.

The following topics were covered in the workshop

1. Overview on Intellectual Property Rights (IPRs).
2. How to convert the innovative ideas into IPRs.
3. How to build Start-up and Entrepreneurship.
4. Establishment of the Incubation Centre.
5. Funding Sources for establishment for IPR cell and Startups.
6. Implementation of credit based courses on Innovation, IPRs and Entrepreneurship.

Dr. Sheetal Chopra Director IPR Policy, Ericsson India, Course Coordinator, IPTSE & Resource Person, KAPILA, Ministry of Education was the resource person for Day 1.

Dr.M.Kantha Babu Director, Centre for Intellectual Property Rights (CIPR), College of Engineering, Guindy, Anna University, Chennai – 600025 handled the session for Day 2 and Day 3.

More than 150 participants attended the workshop all over India eagerly. All the participants were provided with E-certificate.

Department of Mechanical Engineering

Proudly presented a

IEEE Sponsored National Level Three Days Virtual Workshop on RESEARCH METHODOLOGY

Objectives:

- To enable the participants, define research problem, developing an approach to research problem and selection of suitable research design.
- To impart capabilities for formulation and testing of hypothesis based on the nature of research.
- To comprehend appropriateness of statistical software packages for analysing research data.
- To make aware the participants about latest trends in research disciplines.

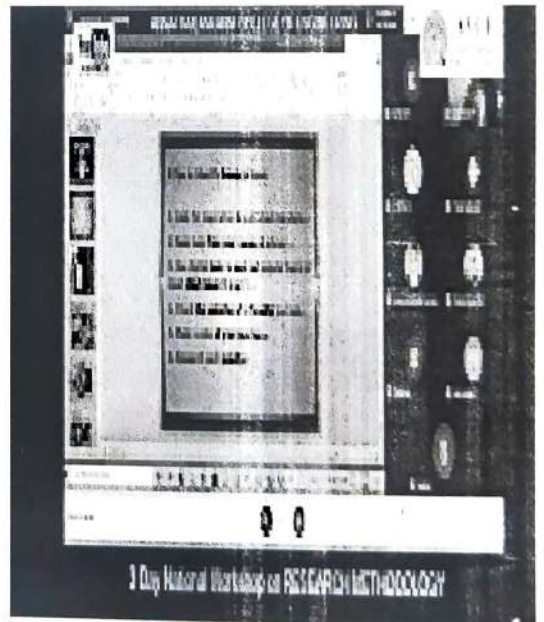

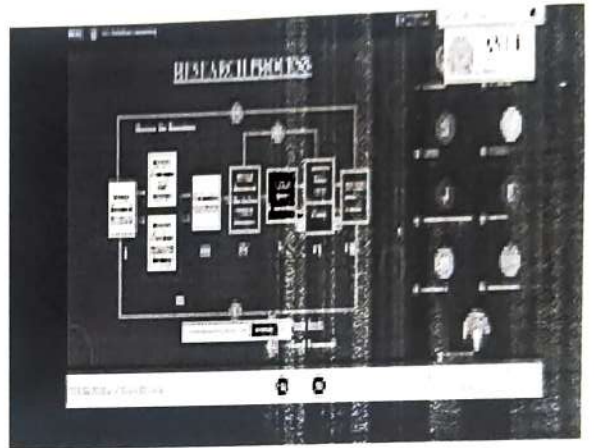

The department of Mechanical Engineering organized a Three days workshop on Research Methodology in Association with IEEE Students Chapter of AVCE during June 02, 2021 to June 04, 2021. Dr.G.Gaswin Kastro, Vice-Principal & IEEE SB Counselor, delivered the welcome address. Dr.A.Benham, Principal delivered the presidential address and motivated the students to participate many National level technical competitions. The recourse persons Dr. G. Puthilibai, Professor , Sri Sairam Engineering College, Chennai, Dr.J.Suresh Kumar, Madras Institute of Technology Campus, Anna University, Chennai, Dr.P.Tamilchelvan, Professor, Paavai Engineering College, Namakkal were took effort to enrich the Research scholars on research methodology. It covered the basics of research methodology focusing on theoretical and practical inputs. Specifically, the formulation of research problem, formulation of research hypothesis and testing of hypothesis, conducting literature review, data collection methods and selection of appropriate parametric or non-parametric statistical method for analyzing data. In this online workshop, 250 participants attended via Google Meet and more than 75

One Day workshop on "HOW TO BUILD A SUCCESSFUL CAREER IN DESIGN ENGINEERING"

28th September, 2021

The Department of Mechanical Engineering, Annai Vailankanni College of Engineering, AVK Nagar, Kanyakumari District organized One Day workshop on 'How to build a successful Career in Design Engineering' in association with Tri-O Technologies, Nagercoil on 28 September 2021. Dr. J. Sunil, Dean (Research) & HOD/ME delivered the welcome address. Dr. A. Benham, Principal delivered the presidential address and motivated the participants for attending many technical events to update the technical skills. Mr. Lalu Gladson Robin, HOD/T&P and Entrepreneurship Development Cell felicitated the gathering. The resource person Mr. T. Selvaraj, founder and chief educator, Tri-O Technologies, Nagercoil explained the students about the design software such as AutoCAD, Creo Elements, ANSYS, Solid Works etc.

Awareness programme "ONE MILLION IDEAS"

12 October, 2021

On 12 October 2021, an awareness programme "One Million Ideas" was conducted on the topic, "A transformational leader, become an entrepreneur - Amazing ideas await you" at our college campus. "One Million Ideas" was originated from the Tamil Nadu government Entrepreneurship Development & Innovation Institute (EDII-TN) through Academic Innovation and Entrepreneurship Development Programme. Er. Dheebin, Founder & MD of Kumari Shopy, was invited to the programme as a resource person. He was a 24-year-old young entrepreneur who founded his e-commerce company Kumari Shopy during his final semester of studies on February 14th, 2019.

TWO DAYS HANDS-ON TRAINING ON "ANDROID APPLICATION DEVELOPMENT"

October 29 & 30, 2021

The Department of Artificial Intelligence and Data Science, Annai Vailankanni College of Engineering, Kanyakumari organized a Two Day hands-on training on "Android Application Development" on 29th and 30th October, 2021 to create a platform to enhance the technical skills of the students on latest technology. Dr. B. Ezhilavan Founder & CEO VEI Technologies Pvt. LTD, Chennai and Seetharam.N, Senior Software Developer, VEI Technologies Pvt. LTD were the Resource People for the hands-on training. Dr. A. Benham, Principal, AVCE has inaugurated the webinar, also motivated the students with his speech. P. Amal II AI&DS welcomed the gathering. Dr. Ezhilavan, addressed the students congratulating them for their active participation and he hoped that the sessions had given them useful insights on the topics of Artificial Intelligence and Data Science and hoped that they would now be interested to carry out projects in these fields. He clarified the doubts raised by the delegates at the end of the session. Around 150 students participated from our college. The program concluded with the vote of thanks by Mr. Y. Ajeesh of second year AI&DS.

LEGAL AWARENESS PROGRAM

October 29, 2021

The Department of Science and Humanities organized a Legal Awareness program for the first-year students at our college on October 29, 2021. The program coordinator Mrs. Shijula Lindry AP/Chemistry delivered the welcome address. Dr. A. Benham, Principal presided over the meeting and delivered the presidential address. He insisted on the importance of creating legal awareness and vigilance awareness among the students. Er. David Philip Daniel, Director explained the aim and importance of vigilance and anti-corruption and the need to have consumer awareness among the students. Dr. Anila Rose, HOD/S&H introduced the Resource Person Adv. Sahila Kumari of Nagercoil District Court, who deals with civil, criminal and consumer cases. She delivered a speech on consumer awareness and the importance of vigilance and anti-corruption in a democratic country like ours. She touched the topic of human rights and domestic violence too in her address. Then, the program was followed with an interacting session.

WORKSHOP ON "CLOUD COMPUTING"

November 20, 2021

The Department of Artificial Intelligence and Data Science, Annai Vailankanni College of Engineering, Kanyakumari organized a One Day Workshop on "Cloud Computing" on 20th November 2021 to create a platform to enhance the technical skills of the students on latest technology. The course objective is to develop web applications in cloud. To learn the design and development process involved in creating a cloud-based application. Implementation and use parallel programming using Hadoop. Mr. R. Saravana Kumar, Managing Director, Iconix Software Solution is the Resource Person for the workshop. Dr. A. Benham, principal, AVCE inaugurated the workshop, also motivated the students with his speech and explained that these kinds of workshops are beneficial for their upcoming placements and technical knowledge. Mrs. S. Berlin Shaheema, Coordinator, HOD/AD welcomed the gathering and Mrs. M. Anugraha, HOD/CSE introduced the resource person. The resource person shed lights on the concepts of cloud computing with real world examples. He clarified the doubts raised by the delegates at the end of the session. Final year Computer Science and Engineering students participated in this workshop and made use of it. The program concluded with the vote of thanks by Mrs. C. Vimala Josphine, AP/AI&DS.

ONE DAY SEMINAR ON "DESIGN AND DEVELOPMENT OF E-BIKE"

December 20, 2021

The department of Electronics and Communication Engineering organized a One-day seminar on 'Design and Development of E-Bike" on 20th December 2021. The main objective of this Workshop is to provide final year ECE students the hands-on training on Electric Bike Design and modelling. Mr. J. Jayakumar, HOD/ECE delivered the welcome address. Dr. A. Benham, Principal delivered the presidential address and insisted the importance of pollution free environment. Mr. J. Arockia Prince, AP/ECE introduced the resource person. Er. Terrance Hinterland, Managing Director of Energy Motors explained the need for Electric Bike. He presented to our students how to design a layout for a new model E-bike. The resource person with his team members trained our final year students of ECE and EEE with a real model E-bike during the afternoon session of the seminar. Mrs. P. Renuka, AP/ECE delivered the Vote of Thanks.

5 DAYS SKILL DEVELOPMENT TRAINING BY NAANDI FOUNDATION IN ASSOCIATION WITH TITAN LEAP

December 27 to 31, 2021

The Department of Placement and Training of Annai Vailankanni College of Engineering organized a 5-day Skill Development Training by Naandi Foundation in association with Titan LeAP for the students at our college (from 27 December 2021 to 31 December 2021) in the college premises. Mr. Ganesh Babu was the Aptitude instructor and Mr. Revanth Bommu was the soft skills instructor. A total of 96 final year students (Batch-1 = 53; Batch -2 = 43) participated in the training program, which was held in the BOSCH training room and Robotics Lab on the campus of our college. During the valedictory function, the top eight students were recognized. The list of students is as follows: Mr. Ajay Kumar (MECH), Mr. Arun Rakesh (MECH), Ms. Malika (CSE), Ms. Muthu Bharathi (CSE), Ms. Arockia Divya (CSE), Ms. Subathra (ECE), Mr. Arockia Stanlin Prakash (ECE), Mr. Muthu Siva Subramanian (CIVIL).

Report on Webinar in the topic “Placement and Entrepreneurship Opportunities”

on 12th January 2022

On 12th January 2022, the webinar was conducted in the topic, "Placement and Entrepreneurship Opportunities" through Unacademy App Live telecast. The event was sponsored by Tamil Nadu government Entrepreneurship Development & Innovation Institute (EDII-TN) through Academic Innovation and Entrepreneurship Development Programme.

Date: 12-01-2022

Time: 2.p.m to 3.p.m

Meeting

link:

<https://unacademy.com/course/placement-and-entrepreneurship-opportunities/9G94YJ5J>

Access code: VIVEKGATE20

Participants: All AVCE students

Mr. Vivekanandan discussed the ideas and prospects available to an entrepreneur in this webinar. He also discussed how to turn ideas into businesses and how to fund them through government and private programmes. The presentation concludes with an overview of the topic and its future applications. A total of 100 students took part in the webinar. Mrs. V.S. Jiji, Assistant Professor and Co-Coordinator of the Entrepreneurship Development Cell, coordinated the event.

Report on Awareness programme in the topic "Business Plan Preparation
Workshop" on 11th February 2022

On 11th February 2022, workshop was conducted in the topic, "Business Plan Preparation Workshop" at our college auditorium. The event was sponsored by Tamil Nadu government Entrepreneurship Development & Innovation Institute (EDII-TN) through Academic Innovation and Entrepreneurship Development Programme.

The chief guest and resource person for the exclusive workshop on "Business Plan Preparation" was Er. Dheebin, Founder & MD, Kumari Shoppy. He encouraged and motivated students to pursue a career as an entrepreneur while still in college. He also testified about his own firm and described the challenges he faced.

ONE DAY WORKSHOP ON "RECENT ADVANCEMENTS IN ELECTRICAL VEHICLES"

March 22, 2022

The department of Mechanical Engineering, in collaboration with the CADD Center at Nagercoil, hosted a one-day workshop on Recent Advancements in Electrical Vehicles on 23 March 2022. To raise knowledge of the electric vehicle eco-system, this one-day workshop was developed. This workshop is particularly beneficial for students, and future entrepreneurs in the electric vehicle segment as the automotive industry transitions from internal combustion engines to electric drive trains. Mr. M. S. Vignesh from the CADD Center in Nagercoil served as the workshop's resource person. The meeting was hosted by Dr. J. Sunil, Vice-Principal, and HOD Mechanical, and organized by Mr. J. Prabhu, AP/ME. The Principal, Dr. A. Benham, gave the presidential address and urged the students to take part in various workshops to increase their knowledge. The session was attended by about 30 final-year mechanical engineering and electrical engineering students who registered for the occasion.

ONE DAY WORKSHOP ON "WELDING AND PIPING INSPECTION TECHNIQUES"

March 24, 2022

The department of Mechanical Engineering, in collaboration with IMAYA International Institute of NDT at Tirunelveli, hosted a one-day workshop on Welding and Piping Inspection Techniques on 24 March 2022. This workshop's main goal is to introduce Visual Testing, Penetrant Testing, Magnetic Particle Testing, Radiography Testing to the students. The IMAYA International Institute of NDT in Tirunelveli provided the resource persons for the one-day workshop. The experts Er. M. Muthuraj, Er. S. Arun Kumar, Er. Vinoth and Er. George Francis, IMAYA International Institute of NDT, Tirunelveli, explained the course's benefits, which include providing Non-Destructive Testing Services to a wide range of industries such as manufacturing, nuclear, oil and gas exploration, petroleum refineries, structure fabrication, power, construction, marine, processing, heat treatment, and automobiles. The event was planned by Mr. J. Prabhu, an assistant professor of mechanical engineering, and was hosted by Dr. J. Sunil, vice principal and head of mechanical. The principal, Dr. A. Benham, gave the presidential address and urged the audience should enroll to as many workshops as possible to broaden their education. Students in their third and final years of mechanical engineering registered for the event, and approximately 60 participated.

A ONE DAY WORKSHOP ON 'INTERNET OF THINGS-DO IT YOURSELF'

March 26, 2022

The Department of Electronics and Communication Engineering organized a One-day Workshop on 'Internet of Things-Do it Yourself' on march 26, 2022. Mr. J. Jayakumar, HOD/ECE delivered the welcome address. Dr. A. Benham, Principal delivered the presidential address and motivated the students to do IOT based projects. Dr. K. Hariharan, Professor, Department of ECE, Thiagarajar College of Engineering, explained the concepts of IOT design for developing a Water Level Monitoring system. He also presented to our students how to perform data analysis in real time. Mr. J. Arockia Prince, AP/ECE delivered the Vote of Thanks.

ONE DAY WORKSHOP ON "ANSYS - MECHANICAL WORKBENCH"

March 30, 2022

The department of Mechanical Engineering, in collaboration with the CAD Desk at Nagercoil, hosted a one-day workshop on ANSYS Mechanical Workbench on March 30, 2022. This workshop's main goal is to introduce the difficulties of simulating the 3D printing process, Using the Additive Wizard to create a 3D print process simulation. The resource persons for the one-day workshop were Mr. Francis Rejinath, Mr. Jebastalin, and Mr. M. Vinish from CAD DESK, Nagercoil. Mr. J. Prabhu, AP/ME organized the event, and Dr. J. Sunil, Vice-Principal and HOD Mechanical, hosted the meeting. Dr. A. Benham, Principal, delivered the presidential address and encouraged students to participate in numerous workshops to expand their knowledge. Students in their third and second years of mechanical engineering registered for the event, and approximately 60 students attended the workshop.

ANNAI VAILANKANNI COLLEGE OF ENGINEERING
 AVK Nagar, Pottalkulam, Kanyakumari District.
 Registered under section 2(f) of UGC Act, 1956.
 Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai, India.

YUVA CLUB ONE DAY WORKSHOP ON 'EMPOWER YOURSELF POSITIVELY'

March 30, 2022

The YUVA CLUB of AVCE, organized a One Day Workshop on 'Empower Yourself Positively' on March 30, 2022. The primary objective of this workshop is to making positive choices, taking action to advance, and being confident in students' ability to make and decisions. Self-empowered students understand their strengths and weaknesses and are motivated to learn and achieve. The program started at 2.00 p.m in the college auditorium in the presence of Principal Dr. A. Benham, Dean of Academics Dr. David Neel Pon Kumar, Vice- Principal Dr. J.Sunil, Dr. M.R. Anila Rose HOD/S&H and the staff of the department of S&H. The first-year students participated actively. Dr. G. Golding Sheeba AP/Physics welcomed the gathering. Chief guest Dr. R.I. Rajidap Neshtar engaged the students with his positive thoughts and experience. He gave ideas to get rid of their negative thoughts and how to overcome the hurdles in their life. 83 students participated in the program and found it very useful, there was a GD session and the program ended with the vote of thanks by Mrs. Shijula Lindry.

"HAND ON TRAINING ON PRO-E"

March 31, 2022 to April 4, 2022

The Department of Mechanical Engineering, in collaboration with the Tri-O Technologies at Nagercoil, Conducted Three-day Hands-on Training on PRO-E from March 31, 2022 to April 4, 2022 at Annai vailankanni college of Engineering. This workshop's main goal is to introduce Pro/ENGINEER, 3D modeling software used in mechanical engineering, design, manufacturing, and in CAD drafting service firms. The resource person for the training was Mr. Selva Raj, Founder & Chief Educator of Tri-O Technologies, Nagercoil. Mr. S. Ramanathan, AP/ME, organized the event, and Dr. J. Sunil, Vice-Principal and HOD/ME, hosted the meeting. Dr. A. Benham, Principal, delivered the presidential address and encouraged students to participate in numerous workshops to expand their knowledge. Mr. Yuvaraj, a third-year Mechanical Engineering student, gave the welcome address, and Mr. S. Ramanathan, AP/ME, gave the vote of thanks. Students in their third and second years of mechanical engineering registered for the event, and approximately 35 students attended the training.

TWO DAYS HANDS-ON TRAINING ON "AUDRINO AND ITS APPLICATIONS"

April 4 & 5 2022

Dr. A. Benham, Principal, AVCE has inaugurated the webinar, also motivated the students with his speech and explained that these kinds of webinars are beneficial for their upcoming placements and technical knowledge. P. Amal II AI&DS welcomed the gathering. Around 150 students participated from our college. Dr. Ezhilavan, addressed the students congratulating them for their active participation and he hoped that the sessions had given them useful insights on the topics of Artificial Intelligence and Data Science and hoped that they would now be interested to carry out projects in these fields. He clarified the doubts raised by the delegates at the end of the session. The programme concluded with the vote of thanks by, Mr. Y. Ajeesh of second year AI&DS.

MOTIVATIONAL SESSION "BE A RESPONSIBLE CITIZEN"

April 4, 2022

The Department of Science and Humanities organized a motivational session for first year students on 'Be a responsible person', on April 4, 2022. The primary objective of this webinar is to motivate the first-year students, to be a responsible citizen in their life. Dr. G. Golding sheeba, delivered the welcome address. Dr. A. Benham, Principal delivered the presidential address and motivated the students. Mrs. Jenitha Ruban, National motivational speaker, Industrialist & Entrepreneur motivated the students and explained about how to become a good citizen, A good citizen must live in peace and harmony with his neighbors and fellow citizens. He must respect the institutions of his country. A good citizen must always respect the laws of the state and should have no patience with criminals and anti-social elements. He must be vigilant against the enemies of the country. And the program ended with our national anthem.

ONE DAY WORKSHOP ON DESIGN AND DRAFTING USING REVIT

April 4, 2022

The Department of Civil Engineering, Annai Vailankanni College of Engineering organized a One-day workshop on DESIGN AND DRAFTING USING REVIT on 4th April 2022 at Bosch Lab in association with Tri-O Technologies, Nagercoil. The main aim of this workshop is to provide an exposure for the students to learn the design software such as Auto CAD, STAAD PRO, REVIT Structure etc. Dr. A. Benham Principal AVCE, Vice Principal Dr. Sunil, Director Er. David Philip Daniel, Mrs. M. Morrin Gracida HOD/Civil graced the occasion with their presence. Ms. Annie Stephila, Final year student welcomed the gathering. Er. T. Selvaraj, Founder & Chief Educator, Tri-O Technologies, Nagercoil was the resource person. He, emphasized the students to learn the design software such as Auto CAD, STAAD PRO, REVIT structure etc. to build a successful Career in Design Engineering field. Finally vote of thanks was delivered by Ms. Uma.R, Third year student. The coordinator, Mr.A.Amala Raju Arul made all the arrangements for the successful conduct of the workshop. The programme concluded with our National Anthem.

WINNING EDGE

April 4, 2022

The Department of Science and Humanities in collaboration with English Proficiency Club organized a motivation program entitled WINNING EDGE - '22 for the first-year students at our college on April 4, 2022. Mr. M. Rose Cyril Xavier, a Physicist and Psychologist, a well-known student motivator of India who has been engaging in motivating the student community was the resource person. Mrs. S. Bharathi AP/S&H, coordinator delivered the welcome address. Dr. A. Benham, the College Principal presided over the meeting and delivered the presidential address. He stated that it was the timely need to motivate our students at the beginning of the second semester in order to brush their knowledge and attitude up so that they can concentrate on their studies. Dr. Anila Rose, HOD/S&H introduced the Resource Person. Mr. M. Rose Cyril Xavier informed us that he needed the students alone without any interference of the staff members. Mrs. Shijula Lindry AP/Chemistry proposed the vote of thanks, and the program came to an end with our National Anthem.

"WATER ROCKETRY"

April 5, 2022

The Department of Mechanical Engineering organized a "Water Rocketry" intra college Competition on April 5, 2022. The objective of this "Water Rocketry" competition to understand the effects of force on objects and provides opportunities for observing, predicting and the science behind the rocket propulsion. Mr. Lindon Robert Lee AP/ME & Mr. S. Ramanathan AP/ME organized the competition. The competition was conducted in the AVCE Sports Village. 7 teams of students from all the departments participated and launched their water rocket from the specially designed launcher. Mr. Lalu Gladson Robin TPO/AVCE was the judge for the program and winners were announced and prizes were given to the respected teams.

Benham, Principal, AVCE has inaugurated the webinar, also motivated the students with his speech and explained that these kinds of workshops are beneficial for their upcoming placements and technical knowledge. Y. Ajeesh, II AD welcomed the gathering and Dr. D. David Neels Ponkumar introduced the resource person. Around 30 students participated from our college. The Resource Person delivered his address by stating concepts have been in existence since but has only recently gained popularity due to advancements in computing and hardware technologies. He also explained about the Job opportunities in robotics. The resource person shed lights on the concepts of robotics and its applications with real world examples. The programme concluded with the vote of thanks by, Ms. Prasanna II AD.

AVCE Webinar - Opportunities and Challenges on Hydrogen energy and Fuel cell technologies

ANNAI VAILANKANNI COLLEGE OF ENGINEERING
Approved by AICTE, The Anna University, Chennai
Established under the Anna University Act, 1979 by Government of Tamil Nadu
K. V. Road, Vailankanni, Sankarapuram, Tamil Nadu

EXCLUSIVE WEBINAR ON
"Opportunities and Challenges on Hydrogen Energy and Fuel Cell Technologies"

SPEAKER

Dr. Sterlin Leo Hudson

Director of Research

Annai Vailankanni College of Engineering (AVCE)

Former Fulbright Research Scholar at Materials Research Laboratory, Southwest University, Nanjing, Institute of Materials and Structures (IMS), Beijing, U.K., U.S.A.

Annai Vailankanni college of engineering hosted the national online webinar program on the 26th May 2020. Dr. Sterlin Leo Hudson, Director Research, AVCE chaired the session and shared his expertise in the webinar program.

Dr. Sterlin holds a post doctorate from NIST, Washington DC, USA and a

Ph.d from Banaras University. His specialisation is in the field of Hydrogen Storage & Materials for sustainable technologies. He is a recipient of Fulbright scholarship and has been part of funded research projects at India and USA.

In this webinar, Dr. Sterlin outlines the current energy needs at a global perspective along with future trends and the energy sources utilised to meet the demand. Hydrogen as a energy source is explored in detail and various aspects of production, storage, emission and safety issues of Hydrogen is comprehensively explained. The utilisation of Hydrogen as a source to power automobiles is explored in detail with respect to mobility, safety and cost aspects. The seminar ends with overall summary of the topic and potential future applications. About 700 academicians across India and abroad participated in the Webinar.

Webinar on Labview and applications

18th December, 2020.

The Department of Electronics and Communication Engineering have conducted one day webinar on "Labview and it's applications in core industries" on 18th December, 2020.

Mr. Nagarajan, Senior application engineer, VI solutions, Bangalore shared his ideas on

- Automated manufacturing test of component subsystems system
- Automated product design validation of a component subsystem system
- Controlled monitoring of a machine/piece of industrial equipments process
- Condition monitoring of a machine/piece of industrial equipments

The webinar was conducted successfully with the students, faculties, research scholars and industrialist from Tamilnadu and other states of India. All the participants were provided with E- Certificates.

Report on Webinar in the topic “Role of an Entrepreneur in Today’s
Generation” on 29th January 2022

On 29th January 2022, webinar was conducted in the topic, “Role of an Entrepreneur in Today’s Generation” through Google Meet and YouTube Live telecast.

Date : Saturday, January 29, 2022.

Time : 11:00 AM – 12:30 PM

YouTube Live : <https://youtu.be/cUspmpsetD0>

Google meet link : <https://meet.google.com/qid-azgu-sxc>

Participants : All AVCE Students

The webinar was conducted in association with the Rotary Club of Nagercoil South. Rtn. Ashwin, President of Rotary Club of Nagercoil South inaugurated the webinar. Rtn. Muthiah Pillai, District Governor Nominee, graced the meeting with his chief guest address. The session was handled by the resource person Ms. Swathi Krishnan (mobile: 8076074265), an accountability coach & an International Karalakattai Coach, Founder of YesPeopletainment, Delhi. About 95 students participated through google meet and about 350 people participated through YouTube Live. Er. Philip Dani, Director, Annai Vailankanni delivered the felicitation and concluded the session.

International Conference on "ADVANCES IN MATERIALS, COMPUTING AND COMMUNICATION TECHNOLOGIES (ICAMCCT 2021)"

10th April, 2021

The Annai Vallankanni College of Engineering, AVK Nagar, Pottalkulam, Kanyakumari District organized an International Conference on "Advances in Materials, Computing and Communication Technologies (ICAMCCT 2021) on April 10, 2021. This conference aimed to create a path to establish a research relation for the authors and listeners with opportunities for National and International collaboration and networking among the universities and institutions from India and abroad. Dr. D. Peter Jesudhas, Chairman & Chief Patron inaugurated the conference by lighting the kuthuvilakku. Dr. A. Benham, Principal & Patron delivered the presidential address and motivated the participants for attending many technical events to update the technical skills.

Shri. S. Rajapandian, Scientist, Cryo Test Instrumentation Systems (CTIS), ISRO Propulsion Complex, Mahendragiri delivered the Chief Guest address and emphasized on the importance of developing High-strength and low-weight materials for space applications. Dr. Carlos Pena (Senior Professor, Universidad Autónoma de Chile, Instituto de Ciencias Químicas Aplicadas), Mylaudy, Dr. S. Rajadurai (Head of Research & Development, Sharda Motor Industries Ltd., Chennai), Dr. D. Arumuga Perumal (National Institute of Technology, Karnataka) and Dr. Anatoliy Zavdoveev (E.O. Paton Electric Welding Institute, Ukraine) delivered the keynote addresses. About 400 research articles were presented by the authors from various institutions and universities. Finally, Dr. J. Sunil, Dean of Research and Convener delivered the vote of thanks. The coordinators, National and International organizing committee members made all the arrangements for the successful conduct of the conference.

PCB workshop at AVCE

A three days workshop on Printed Circuit Board (PCB) Design was organized by Department of Electronics and Communication Engineering jointly with IEEE student branch of AVCE from 18th July 2019 to 20th July 2019. Forty Seven students from ECE department got benefitted out of this workshop. The workshop enabled the participants to learn PCB designing basics using

Eagle software. Resource persons from Sparrows Innovation, a company registered under MSME, Tirunelveli, guided the students throughout the workshop.

On first day the attendees were introduced to PCB boards, PCB design tools and the manufacturing process. They also learned about part design in Eagle software. Symbols, components and footprints were taught to the participants. On the second day schematic design was taught. The participants practiced schematic design using default library in the Eagle software and later learned to design using custom defined library. They also practiced single layer throughhole and double layer through hole methods of designing PCBs. SMD design and gerber file generation were also taught in the workshop.

On third day the students were given assignments and the participants came up with their own designs for the proposed problems. The assignments were verified by the resource persons. The participants who completed the workshop successfully were awarded certificates.

Workshop on CNC Programming

The Department of Mechanical Engineering conducted a one day workshop on CNC Programming for IInd and IIIrd year students on 16.07.2018. The session was headed by Er KKS Saravanakumar, CEO, Thiruvalluvar CNC & CAD/CAM training centre, Chennai.

Discussion were made on the following topics:

1. Use of CNC machine
2. Basic requirement for CNC program
3. Using of M-Codes and G-Codes
4. CNC program writing

He gave a presentation on the currents trends and job opportunities in CNC operation and programming. About 93 students participated in the workshop. The workshop was headed by our beloved Principal Dr. P. Senthikumar and Mr J. Prabhu, Head of the Department. The workshop was organised by Mr. V.P. Prawyn Jeba, Assistant Professor, Mechanical Department.

Veetukoru Vignaani - Science Expo held at AVCE in association with Puthiya Thalaimurai Group

Veetukoru Vignaani is a Science expo organized at AVCE on 10th August, 2018 in association with Puthiya Thalaimurai group to encourage and provide exposure to school students in applied science. Models to save energy and making best the use of alternate sources of energy were the highlight of the event.

More than 800 students from various schools in kanyakumari, trunelveli and thuthukudi districts displayed over 400 exhibits in the event.

The program starts with lightning a kuthuvilaku at 9:00 a.m. Dr. Velaiyan, retired scientist (ISRO) gave a chief guest address. Dr. D Peter Jesudhas, chairman of Annai Vallankanni College of engineering gave a presidential address.

The below schools won the prizes:

- First prize: Krishna Vichayala Higher secondary school, Kanyakumari
- Second prize: Pottusally Matriculation higher secondary school.

Python Workshop at AVCE

A one day workshop was organised by the Computer Science and engineering department on 13th August 2018. The workshop was based on "Python Programming" which was conducted by Mr. D Nagarajan.

This program focused on basics and uses of python programming, career opportunities and current market trends. A three paper

cheat sheet was provided to the participants to work out the syntax.

Topics covered on workshop:

- IDE Available
- Variables & Numbers
- Casting
- String Functions & Math Functions
- Conditional & Looping Statements
- List, Tuple and Dictionaries
- Classes and Objects
- File Handling
- Modules
- Python in Raspberry Pi

The beneficiary of the workshop were 43 students from various institutions in and around the district.

IEEE Seminar on Applications of Magnetic Design

Avce Student Branch of IEEE in collaboration with IEEE ADSF SIGHT organized a one day seminar on "Applications of Magnetic Design" on 3-10-2018. Dr Daniel Lottis, Principal Engineer, Western Digital, California and Chairman, IEEE SIGHT was the resource person for the seminar.

Nearly fifty students and faculty from department of ECE participated in the seminar. The seminar enabled the attendees to understand the importance of magnetic design. It also made them know modern magnetic materials and to learn different techniques currently employed in the industry for magnetic design.

Women empowerment programme held at AVCE

The Women Empowerment Cell of Annai Vallankanni College of Engineering conducted a guidance programme - "Women - On her way" for all the girl students of the college. The gathering was welcomed by Mrs. Shobhana M Kumar, HOD/S & H. The Principal stressed the importance of such programmes for women and honoured the chief guest Dr. Adalin George, Ph.D., Rtd. Associate Professor of English,

Women's Christian College, Nagercoil, Accredited Counsellor, Certified from University of Louisville, Kentucky, USA.

The chief guest spoke of identifying the beauty and uniqueness of each and every individual women. She also guided the students to overcome various inhibitions, become more confident and courageous and be more focused. The Women Empowerment Cell Coordinator Ms. V. Vidhya proposed the vote of thanks.

National Level CSE Technical Symposium EZRA2K18 held at AVCE

The Department of Computer Science and Engineering at AVCE conducted a National Level Technical Symposium "EZRA 2K18" on the 14th of August 2018. The Convener of the event was Prof. V Vidhya, HOD/CSE and the Coordinator of the event was Prof. J. Jeejo Vetharaj, AP/CSE

Various events such as Paper Presentation, Programming, Web Designing, Quiz, Best

Manager and Connection were organised. The Staff and Students of CSE Department participated in various committees like Reception, Refreshment, Hospitality, Event Organisation, Prize Distribution, Certificate Designing etc.

Judges were invited from University College of Engineering, Nagercoil. 105 students from various institutions participated in the symposium and exposed their talents.

The inaugural ceremony started at 9.30 am with the Tamil Thai Vaalthu, followed by Lighting of Kuthuvillaku. The Welcome address was proposed by Ms. Sherin Priyadharshini, Final Year CSE. The Presidential address was delivered by Dr. Chellakumar Rose, Correspondent of AVCE. The Guest of Honour of EZRA 2K18 was Mr. K. Dhanasingh, CEO and Founder, Adhi Software Pvt Ltd.

The Session continued with various events. In the Valedictory function, the winners were awarded with certificates and cash awards by the Principal Dr. P. Senthil Kumar and Vice Principal Prof. T. Valan Arasu. The Vote of Thanks was delivered by the student coordinator Mr. S. Vimaldhas, Final Year CSE and the valedictory function was concluded with the National Anthem.

Two days faculty development program on Remote Sensing & GIS held at AVCE

Department of Electronics and Communication Engineering of Annai Vallankanni College of Engineering in association with AVCE student branch of IEEE and IEEE ADSF SIGHT conducted two days faculty development programme/workshop on remote sensing and GIS on 14th and 15th of September 2018. Dr. Alaguraja, Assistant professor, Department of ECE, Thiagarajar College of Engineering, Madurai was the

resource person for the program.

This program aimed at exposing remote sensing methodologies, tools and GIS software to the faculties, research scholars and students. It enabled them to understand the close relation between remote sensing projects and social development. More than sixty participants including faculty and students from various departments got benefited from the program.

There were totally six sessions such as remote sensing concepts, satellite image processing, remote sensing projects, GIS concepts and case studies, Demo on ENVI software and hands on session on QGIS software.

The program was convened by Mr. G. Gaswin Kastro HOD, ECE and coordinated by Mr. J. Arockia Prince, AP, ECE and other faculties of ECE department of AVCE.

About the College

Annai Vailankanni College of Engineering (AVCE), AVK Nagar, is a private, self financing, co-educational Engineering college established in the year 2008. The college is approved by AICTE, New Delhi and affiliated to Anna University.

The college is surrounded by an array of green clad, sky scrapping mountains of the Western Ghats. The weather is cool and breezy with clouds drifting high over the mountains giving frequent drizzles.

About the Department

Electronics & Communication Engineering (ECE) deals with the designing of electronic circuits, devices and systems using non-linear and active electrical components such as electron tubes, and semiconductor devices: transistors, diodes and integrated circuits. The discipline also comprises designing passive electrical components, usually based on printed circuit boards.

The ECE students of AVCE gain enormous knowledge on the latest technologies used in the field of Electronics and Communication through various value-added courses provided in the College. Moreover, the students involve in various real time industrial projects and funded projects, which in turn help the students to acquire hands-on experience on the modern technologies.

OBJECTIVES

The course is designed to fulfill the following Objectives

- To provide exposure to faculty in gaining knowledge on concepts and applications leading to modeling of earth resources management using Remote Sensing
- To acquire skills in storing, managing digital data for planning and development.
- To acquire skills in advance techniques such as hyper spectral, thermal and LIDAR scanning for mapping, modeling and monitoring.

OUTCOME

- Fully equipped with concepts, methodologies and applications of Remote Sensing Technology.
- Prepare the candidates for National and Global Employability
- Acquire skills in handling instruments, tools, techniques and modeling while using Remote Sensing Technology.
- It empowers the candidate with confidence and leadership qualities

Eligibility

- FACULTY MEMBERS
- INDUSTRIALISTS
- RESEARCH SCHOLARS
- PG STUDENTS/MS SCHOLARS

How to Apply?

All Research Scholars, Faculty members, Final Year Students from Department of Electronics Engineering/AVCE Engineering/M.E Remote Sensing & GIS are invited. Candidates should prepare scanned document of registration form and transaction details & mail to elcosstars@gmail.com

BANK ACCOUNT DETAILS

BANK CORPORATION BANK
NAME: THE AVCE STUDENT BRANCH OF IEEE
ACCOUNT No: 075301601160044
IFSC CODE: CORP0000753

**TWO DAYS FACULTY DEVELOPMENT PROGRAM ON
REMOTE SENSING AND GIS**

Department of Electronics and Communication Engineering of Annai Vailankanni College of Engineering in association with AVCE student branch of IEEE and IEEE ADSF SIGHT conducted two days faculty development programme/workshop on remote sensing and GIS on 14th and 15th of september 2018. Dr.Alaguraja , Assistant professor ,Department of ECE , Thiagarajar College of Engineering, Madurai was the resource person for the program.

This program aimed at exposing remote sensing methodologies, tools and GIS software to the faculties, research scholars and students. It enabled them to understand the close relation between remote sensing projects and social development. More than sixty participants including faculty and students from various departments got benefitted from the program.

There were totally six sessions such as remote sensing concepts, satellite image processing, remote sensing projects, GIS concepts and case studies, Demo on ENVI software and hands on session on QGIS software.

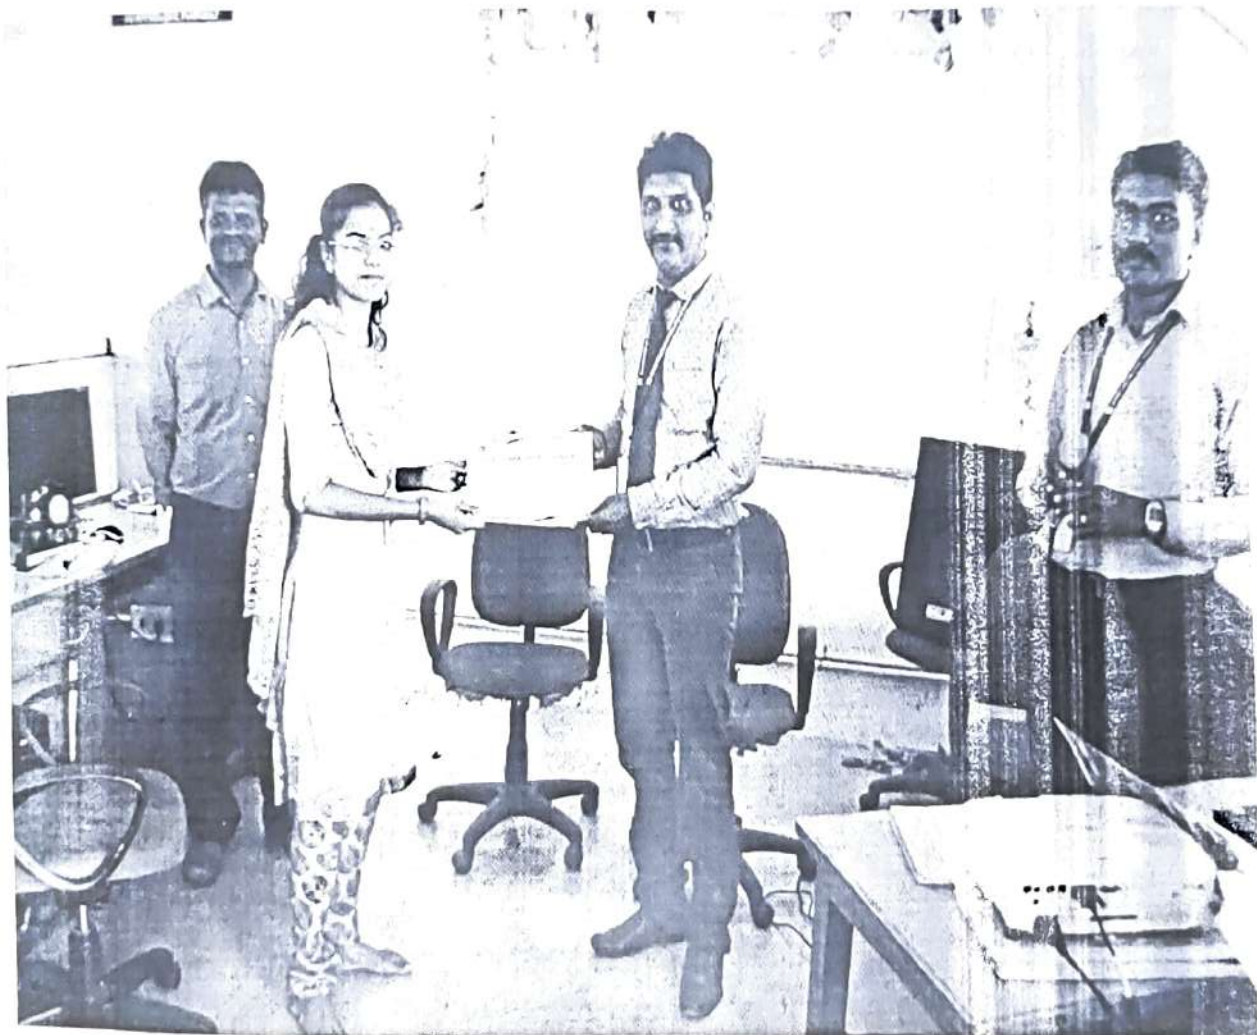

The program was convened by Mr.G.Gaswin Kastro HOD, ECE and coordinated by Mr.J.Arockia Prince, AP,ECE and other faculties of ECE department of AVCE.
