3.4.1 Outcomes of Extension activities in the neighborhood community in terms of impact and sensitizing the students to social issues for their holistic development during the last five years.

Write description in a maximum of 500 words

Staff and students of Annai Vailankanni College of Engineering are encouraged to actively participate in social issue-related programs for their overall development. Under several schemes, our institute works with the local community and implements a variety of extension projects to assist with neighborhood needs.

Attaining eminence in Technical Education via superior programs, instruction, and research with societal significance is the goal of the Annai Vailankanni College of Engineering.

Our NSS, NCC, YRC volunteers' diverse approaches to social concerns which include, AIDS awareness program, Blood Donation Camp, Election awareness program, Covid-19 awareness Program. Our NSS volunteers also organize various camps related to community sensitization, including Medical Camp, Eye camp and cleaning activities in Government Hospital. Some of our NSS volunteers participated in Colachel Beach Cleaning headed by the District collector. Colleges have conducted programs on environmental issues like "SAVE BIRDS" motivating the students to social issues.

Our Institute has applied to UBA SCHEME and opened UBA Cell to improve the rural lives of surrounding villages while keeping the purpose in mind. Our Institute has selected five villages in the Kanyakumari district as part of this program, and it implements several outreach initiatives to address neighborhood issues.

For the benefit of the local school children, our institution also organizes a "Science Expo." Social themes were the main focus of the competitions. Students were motivated by the rewards given for the best presentations. In addition to having a very favorable effect on the student, these activities support the growth of the student-community interaction.
