## **Report on Yoga & Meditation - 2018-2019**

**Date: 21.06.2018**

In our institution, the students are encouraged to practice yoga and to do meditation, as it will help them combat with different types of stress. The practice of Yoga stimulates the process of unity of mind, body and soul. Yoga is useful in maintaining physical and mental energy and meditation leads to spiritual peace.

The academic year began with the celebration of the INTERNATIONAL YOGA DAY on the 21<sup>st</sup> of June 2018, in which around 100 students and staff members attended the program. The External Trainers Mr. Antony Dhas and Mrs. Mary kinos, professional Trainers from Nagerkovil regularly visit our campus to provide training on Yoga and Meditation for our students.

Day scholars are given Yoga classes once a month on a Saturday where they can learn and practice at home. The hostellers are insisted to practice yoga at the Edusat Hall in the college premises on a daily basis, in the morning hours for boys and in the evening hours for girls, under the supervision of the staff in-charges. Yoga mats are provided to them by the college. Students assemble with high spirit of participation and learn the Asanas.

Yoga has helped the students in many aspects and visible changes in their behavior and attitude have been observed. Yoga helps them in being disciplined and physically fit. Apart from regular in-house classes, external yoga trainers are invited every year to train our students.

Meditation gives students a peaceful mind to think, be creative and productive. Yoga practice aids in having a balanced lifestyle with the ability to manage stress caused due to many factors. It has been noticed that yoga practice has improved positivity and nurtured healthy habits among the students.
