E-GOVERNANCE POLICY

Objectives

Information and Communication Technology (ICT) has penetrated all fields including governance. Governance can be made faster and paperless with the use of ICT. The policy intends to provide guidelines for administration and faculty members to use ICT optimally so that communication would be faster and minimize the use of papers.

Scope

Annai Vailankanni College of Engineering is pioneer in every aspect of teaching and learning process. In addition, it has adopted the e-governance policy as a concern for reducing the use of paper and faster communication.

The college has adopted to establish e-governance in the following areas:

- Administration;
- Academic activities;
- Accounting;
- Library;
- Student Support.

We use advanced software for college administration. All the teachers are trained on e-governance procedure.

The backup is to be maintained regularly.

Guidelines

We provide the necessary infrastructure: computers, internet facility and relevant software.

The administration should take initiative to sensitize the teachers and other staff on the use of e-mails for communication.

E- Governance in Administration:

- *All circulars and notices are to be sent through electronic mode.
- *Keep record of all activities including financial transactions through electronic mode.

- *Enterprise Resource Planning (ERP) solution to manage students' attendance, submission and internal assessment etc.
- *The college shall develop and maintain a user-friendly interactive website to disseminate general information as well as updates to its students, teaching and non-teaching staff and to the public, in general.
- * In addition, all official communications and notices shall also be sent via e-mail and other available online platforms.
- * The college shall ensure that all the students, faculty members and non-teaching staff were imparted with special ICT training programs for their continuous growth.
- * The college shall also subscribe to online platforms to support online teaching learning process, trainings, lectures, webinars and other official interactions etc.
- *Procurement and Payment including salary through electronic system directly transferring to individual bank account.
- *Make admission of students through computer system.
- *Maintaining the service registers of employees through electronic system.

For Students:

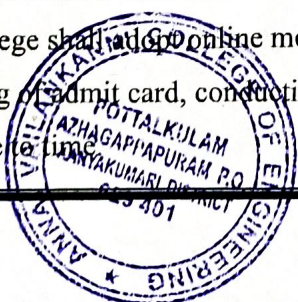

- *Students communicated to teachers through electronic mode during COVID-19.
- *They should submit their assignments electronically as advised by teachers during COVID-19
- *They can verify the marks and attendance through an electronic database.
- *The internal examination process may be in computer based system as practiced during COVID-19. They should prepare themselves.

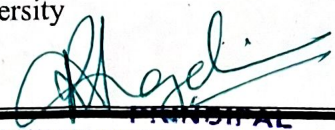

E- Governance in Student admission and Support:

- * The college shall adopt online mode of admission process as mandated by university from time to time.
- *The college shall automate and digitize its Library functions to not only support contactless procurement, accession and issue/return of books from the library but also provide e-resources for remote access of the content from other sources also.

E- Governance in Examination:

- *The college shall adopt online mode of performing exam related processing e.g., generating of admit card, conducting the examination etc as mandated by university from time to time.
